## Registering more than one child with the Gateway PGA Junior Tour?

### **Create separate Golf Genius Accounts for each child.**

You may use different email addresses or the same email address for account.

To use the same email address for both accounts, you will need to add the modification of "+\_\_\_" on your email handle. For example, Jane Smith could use jsmith@example.com for one child's account and jsmith+joe@example.com for her second child's (Joe) account. Golf Genius will recognize & disregard the "+joe" in sending registration emails for your account. You will still receive membership and event notifications to your email for both accounts.

### **Family Discount on Additional Memberships**

If you have more than one child in your household participating in the Gateway PGA Junior Tour, you are eligible for a \$25 sibling membership discount on each additional membership purchased. After enrolling your first junior in a full price membership, please email [nlong@pgahq.com](mailto:nlong@pgahq.com) to unlock the discounted membership options for additional juniors in your household you wish to enroll.
